Legend

Object	Base Class	.Property
Collection	Enumeration	.Method
.Member	Return type	

PolicyCatalog
- FeatureList
- PolicyList

PolicyFeatureCollection
- Add
- CopyTo
- Delete
- GetEnumerator: IEnumerator
- Count: int
- IsDirty: bool
- IsSynchronized: bool
- SyncRoot: object
- this [ ] (+1)

ICollection

PolicyFeature
- Update
- Validate
- ValidateManifest
- ValidateResources
- AssemblyName: string
- ClassName: string
- ConfigPage: string
- ConfigPageInstructions: string
- DefaultCustomData: string
- Description: string
- GlobalConfigPage: string
- GlobalCustomData: string
- Group: string
- Id: string
- Name: string
- Publisher: string
- ResourceList
- ResourceTypes
- State

PolicyFeatureState
- Hidden
- Visible

Enum

PolicyResourceCollection
- Add
- CopyTo
- Delete
- GetEnumerator: IEnumerator
- Count: int
- IsDirty: bool
- IsSynchronized: bool
- SyncRoot: object
- this [ ] (+1)

ICollection

PolicyResource
- Update
- Validate
- ValidateManifest
- AssemblyName: string
- ClassName: string
- DefaultCustomData: string
- Description: string
- FeatureId: string
- GlobalConfigPage: string
- GlobalCustomData: string
- Id: string
- Name: string
- Publisher: string
- Type: string

PolicyResourceTypeCollection
- GetEnumerator: IEnumerator
- Count
- this [ ]

IEnumerable

PolicyResourceType
- Id: string
- IsRequired: bool
- Name: string

PolicyCollection
- Add
- CopyTo
- Delete
- GetEnumerator: IEnumerator
- AllowCustomPolicies: bool
- Count: int
- DefaultPolicyID: string
- IsDirty: bool
- IsSynchronized: bool
- SyncRoot: object
- this [ ] (+1)

ICollection

Policy
- CreatePolicy
- DeletePolicy
- Dispose
- Export: XmlDocument
- GetPolicy
- IsItemExempt: bool
- ProcessChanges
- ProcessChangesForDeletedPolicy
- ProcessItemChangesForDeletedPolicy
- RemoveException
- SetException
- Update
- ValidateManifest
- BlockPreview: bool
- Description: string
- Id: string
- IsLocal: bool
- Items
- ModifiedBy: string
- ModifiedDate: datetime
- Name: string
- Statement: string

PolicyItemCollection
- Add
- CopyTo
- Delete
- GetEnumerator: IEnumerator
- Count: int
- IsDirty: bool
- IsSynchronized: bool
- SyncRoot: object
- this [ ] (+1)

ICollection

PolicyItem
- Update
- BlockPreview: bool
- CustomData: string
- Description: string
- Id: string
- Name: string
- Statement: string
